Abbey Labels Limited
Lamdin Road
Bury St Edmunds
Suffolk IP32 6NU

Abbey Labels - One of the UK's leading label printing companies.

For over 30 years we have built a reputation on fact. We are East Anglia's leading label supplier in terms of supply range, quality, expertise, resources and in-plant capabilities.

We are here to help, advise, plan and produce cost-effective and compliant solutions for all your labelling projects. Whether you require 500 digitally printed labels or millions of high definition flexo printed labels, our experienced staff and multi-million pound production facility will add value to your service offering.

Talk to the experts at Abbey Labels to find the most cost-effective solution for your next label project.

Who we cater for

Ever since our inception we have always put our customers first, striving to provide a high quality service to trade and direct clients with a rapid turnaround time.

We predominantly work with customers in food, drink, retail, cosmetic, health, chemical industries and breweries. With our in-house Flexographic and Digital printing capabilities, and our willingness to invest in the latest label technologies, we are able to produce the highest quality labels at cost effective prices.

Working closely with businesses across the country, we print high quality labels in different size quantities and have even supplied high profile events such as the London Olympics. We are committed to providing the best possible service and at the same time to remain conscious of our environmental impact, looking to reduce our footprint as much as possible.

The Tomato Stall, Pesto Label: Printed in CMYK + white using the Xeikon CX300 on a clear PP material.

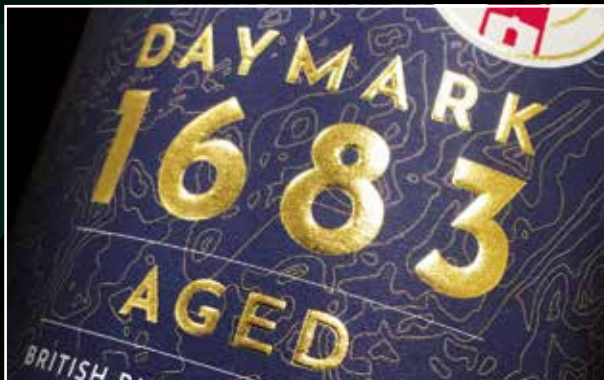

Betty's Gin Label: Printed on a textured wine paper substrate, with hot silver foil and embossing using the ABG digicon series 3.

Products & Services

Food & Drinks Labels	Digital Printing

Supplement Labels	Hot Foiling
Peel & Reveal Labels	Cold Foiling
Beverage Labels	Embossing
Chemical Labels	Debossing
Electrical Labels	Screen Printing
Tamper Labels	Multiple Varnishes
Event Tickets	Tactile Printing
Window Stickers	Laminating
Sheeted Labels	In-House Studio
Fanfolded Labels	Quality Control

Daymark Rum: Digitally printed onto a high end textured paper, embellished with champagne gold hot foil with an embossed finish.

Nutrizing Vitamin K2: A 2 ply Peel & Reveal label created using our MPS EF340 flexo press, printing 3 pages of full colour print on a silver PP Substrate.

Peel & Reveal Labels

Peel and Reveal labels, also known as multi page labels, are an information rich product label that contain everything the end user needs or might want to know such as nutritional information, cooking instructions or health and safety info, all contained in one small space. Our Peel & Reveal labels are available in 3 & 5 page combinations.

The adhesive that we use allows for the resealing of the label after being opened, which allows your product packaging to remain neat and tidy, and furthermore helps maintain your brand's image.

Environmental & Accreditations

Abbey Labels hold the BRCGS 'AA' Grade, the highest food and drink certification, along with the environmental ISO 14001 accreditation. We are also one of the few label printers in the UK who are HD ESKO (High definition) approved. Our project leaders and production staff work with Purchasing Departments, Brand Managers and Sales and Marketing Directors to ensure accuracy, quality and reliability. Talk to the experts at Abbey Labels to find the most cost-effective solution for your next label project.

British Retail Consortium (BRCGS) The Most Stringent Quality Benchmark For Label Printers

If you produce a food or drink product then BRCGS is of critical importance throughout your supply chain to protect consumers, meet legal obligations and safeguard your brand. Having a BRCGS certified supply chain is something of a pre-requisite when selling your product to supermarkets. Abbey Labels have been certified continually since 2012.

ESKO HD Superior Print Quality For Your Labels

We print your labels in high definition giving your product a competitive advantage. Only a handful of label printers in the UK can achieve the print quality required to hold the coveted ESKO HD certification and we are proud to be one of them!

ISO 14001 We Care About Our Environmental Footprint

Taking care of our environment is one of the most important challenges facing businesses today. Each year we work hard to further reduce any negative impacts on the environment. Talk to us about how we can help to make your packaging recyclable.

Sustainability

Abbey Labels have always been environmentally conscious and use the below methods to offer the most environmentally friendly service possible.

- Zero to landfill.
- LED lighting.
- Investment in the latest technology.
- Electric/Hybrid company cars with charging points on site.
- Environmental accreditations.
- Solar panels.

Abbey Labels can offer a wide variety of sustainable labels including:

- 100% recycled content paper labels.
- Recycled content PP and PE labels.
- Biodegradable Labels.

In most cases, plastic packages with synthetic labels can be recycled.

- A PE product with a PE label may be considered recyclable.
- A PP product with a PP label may be considered recyclable.

**You'll never
come unstuck
with Abbey Labels.**
